Bill Messenger  
Manager, Site Assessment Section  
U.S. Environmental Protection Agency  
77 West Jackson  
Chicago, Illinois 60604

Dear Mr. Messenger;

In addition to the August 12, 1994 letter directed to your attention justifying the No-Further-Action sites, I am, for your convenience, sending you the following list of the targeted sites, their federal identification numbers and the reason for the NFA designation.

Should you have any additional questions or comments concerning the information contained in this list, please feel free to contact Tom Crause at the above number.

List of twenty-eight sites which should receive a NFA designation.

SITE NAME	ILD NUMBER	NFA JUSTIFICATION
Ability Drum	980901623	State Voluntary Cleanup

PUBLIC WATER SUPPLY

EVALUATION REPORT

November 30, 1993

Facility Number: 1190300  
GLEN CARBON - Madison County

Village President and  
Board of Trustees  
Village Hall  
P. O. Box 317  
Glen Carbon, Illinois 62034

Gentlemen:

An evaluation of the Glen Carbon public water supply has been completed by our representative, Brenda K. Brown. Miss Brown observed the operation and maintenance of the water supply facilities on November 23, 1993, at which time she was accompanied by Tom Sedlacek.

Based on our representative's evaluation, it has been concluded that the Glen Carbon public water supply is of safe, sanitary quality and shall continue to furnish water safe for drinking provided the supply remains protected against the entrance of contamination.

We wish to acknowledge the courtesy extended to our representative by Mr. Sedlacek. If you should have any questions about any water supply problems, please feel free to contact our Collinsville Regional Office at 2009 Mall Street, Collinsville, Illinois 62234.

Sincerely,

ENVIRONMENTAL PROTECTION AGENCY

  
Brenda K. Brown, R.S.

"TITLE 1 - SECTION 4"

c. The (Environmental Protection) Agency shall have authority to conduct a program of continuing surveillance and of regular or periodic inspection of ... public water supplies ...

"TITLE 4 - SECTION 18"

Owners and official custodians of public water supplies shall direct and maintain the continuous operation and maintenance of water supply facilities so that water shall be assuredly safe in quality, clean, adequate in quantity, and of satisfactory mineral character for ordinary domestic consumption."
